

**Model Participation Metrics:** Metrics intended to capture data on the participation of providers in SIM as well as the number of beneficiaries impacted. The metric set includes a minimum set of required metrics each Awardee must report to the CMMI SIM Program on a quarterly and/or annual basis. Awardees may develop or select additional model specific participation metrics to track activities specific to their SIM initiative which are not captured in the model participation metrics defined by the CMMI SIM Program. Awardees may develop multiple model specific metrics. These metrics should be defined in consultation with the awardee’s Project Officer. Awardees supporting multiple models through SIM are expected to report model participation metrics independently for each type of model. The Awardee will be expected to provide baseline values and target goals for each type of model in their Operational Plan. (Note: The value-based purchasing and/or alternative payment model cited include models such as ACOs, bundled payments, and medical homes).

| Metric Area                                | Metric Title   | Metric Definition/Description  | Numerator Definition  | Denominator Definition  | Notes  | Reporting Frequency  | Payment Taxonomy Category (2-4)   | Defined by       |
|--|--|--|---|---|--|----------------------|---|------------------|
| Model Participation_Beneficiaries          | Population Impacted by SIM (by model)                  | The total number of beneficiaries (individuals) receiving care through <u>each value-based purchasing and/or alternative payment model</u> supported by SIM. | Total number of beneficiaries (individuals) receiving care through a category 2 or category 3 payment model | Total number of beneficiaries targeted for inclusion in a category 2 or category 3 payment model          | Report data for each value-based purchasing and/or alternative payment model supported under SIM separately.<br><br>The denominator reflects the target goal of that Test Year. Please refer to the Model Test Operational Plan Excel workbook.  | Quarterly and Annual | The Awardee must specify the Payment Taxonomy Category type 2, 3, or 4 for each value-based purchasing and/or alternative payment model. Please review the Payer Participation and SIM Definitions tab for Payment Taxonomy Category definitions. | CMMI SIM Program |
| Model Participation_Providers              | Providers Participating in SIM (by model)              | The total number of providers participating in <u>each value-based purchasing and/or alternative payment model</u> supported by SIM.                         | Total number of providers participating in a category 2 or category 3 payment model                         | Total number of providers targeted for inclusion in a category 2 or category 3 payment model              | Report data for each value-based purchasing and/or alternative payment model supported under SIM separately.<br><br>The denominator reflects the target goal of that Test Year. Please refer to the Model Test Operational Plan Excel workbook.<br><br>Individual providers may be defined by a unique NPI. Please review SIM definitions tab. | Quarterly and Annual | The Awardee must specify the Payment Taxonomy Category type 2, 3, or 4 for each value-based purchasing and/or alternative payment model. Please review the Payer Participation and SIM Definitions tab for Payment Taxonomy Category definitions. | CMMI SIM Program |
| Model Participation_Provider Organizations | Provider Organizations Participating in SIM (by model) | The total number of provider organizations participating in <u>each value-based purchasing and/or alternative payment model</u> supported by SIM.            | Total number of provider organizations participating in a category 2 or category 3 payment model            | Total number of provider organizations targeted for inclusion in a category 2 or category 3 payment model | Report data for each value-based purchasing and/or alternative payment model supported under SIM separately.<br><br>The denominator reflects the target goal of that Test Year. Please refer to the Model Test Operational Plan Excel workbook.  | Quarterly and Annual | The Awardee must specify the Payment Taxonomy Category type 2, 3, or 4 for each value-based purchasing and/or alternative payment model. Please review the Payer Participation and SIM Definitions tab for Payment Taxonomy Category definitions. | CMMI SIM Program |

**Model Participation Metrics:** Metrics intended to capture data on the participation of providers in SIM as well as the number of beneficiaries impacted. The metric set includes a minimum set of required metrics each Awardee must report to the CMMI SIM Program on a quarterly and/or annual basis. Awardees may develop or select additional model specific participation metrics to track activities specific to their SIM initiative which are not captured in the model participation metrics defined by the CMMI SIM Program. Awardees may develop multiple model specific metrics. These metrics should be defined in consultation with the awardee’s Project Officer.
