Re: Delaware State Plan Amendment (SPA) 22-0004

Dear Mr. Groff:

We have reviewed the proposed amendment to add section 7.4 Medicaid Disaster Relief for the COVID-19 National Emergency to your Medicaid state plan, as submitted under transmittal number (TN) 22-0004. This amendment proposes to implement temporary policies, which are different from those policies and procedures otherwise applied under your Medicaid state plan, during the period of the Presidential and Secretarial emergency declarations related to the COVID-19 outbreak (or any renewals thereof).

On March 13, 2020, the President of the United States issued a proclamation that the COVID-19 outbreak in the United States constitutes a national emergency by the authorities vested in him by the Constitution and the laws of the United States, including sections 201 and 301 of the National Emergencies Act (50 U.S.C. 1601 *et seq.*), and consistent with section 1135 of the Social Security Act (Act). On March 13, 2020, pursuant to section 1135(b) of the Act, the Secretary of the United States Department of Health and Human Services invoked his authority to waive or modify certain requirements of titles XVIII, XIX, and XXI of the Act as a result of the consequences of the COVID-19 pandemic, to the extent necessary, as determined by the Centers for Medicare & Medicaid Services (CMS), to ensure that sufficient health care items and services are available to meet the needs of individuals enrolled in the respective programs and to ensure that health care providers that furnish such items and services in good faith, but are unable to comply with one or more of such requirements as a result of the COVID-19 pandemic, may be reimbursed for such items and services and exempted from sanctions for such noncompliance, absent any determination of fraud or abuse. This authority took effect as of 6PM Eastern Standard Time on March 15, 2020, with a retroactive effective date of March 1, 2020. The emergency period will terminate, and this state plan provision will no longer be in effect, upon termination of the public health emergency, including any extensions.

Pursuant to section 1135(b)(5) of the Act, for the period of the public health emergency, CMS is modifying the requirement at 42 C.F.R. 430.20 that the state submit SPAs related to the COVID-19 public health emergency by the final day of the quarter, to obtain a SPA effective date during

the quarter, enabling SPAs submitted after the last day of the quarter to have an effective date in a previous quarter, but no earlier than the effective date of the public health emergency.

The State of Delaware also requested a waiver of public notice requirements applicable to the SPA submission process. Pursuant to section 1135(b)(1)(C) of the Act, CMS is waiving public notice requirements applicable to the SPA submission process. Public notice for SPAs is required under 42 C.F.R. §447.205 for changes in statewide methods and standards for setting Medicaid payment rates, 42 C.F.R. §447.57 for changes to premiums and cost sharing, and 42 C.F.R. §440.386 for changes to Alternative Benefit Plans (ABPs). Pursuant to section 1135(b)(1)(C) of the Act, CMS is approving the state's request to waive these notice requirements otherwise applicable to SPA submissions.

These waivers or modifications of the requirements related to SPA submission timelines and public notice apply only with respect to SPAs that meet the following criteria: (1) the SPA provides or increases beneficiary access to items and services related to COVID-19 (such as by waiving or eliminating cost sharing, increasing payment rates or amending ABPs to add services or providers); (2) the SPA does not restrict or limit payment or services or otherwise burden beneficiaries and providers; and (3) the SPA is temporary, with a specified sunset date that is not later than the last day of the declared COVID-19 public health emergency (or any extension thereof). We nonetheless encourage states to make all relevant information about the SPA available to the public so they are aware of the changes.

We conducted our review of your submittal according to the statutory requirements at section 1902(a) of the Act and implementing regulations. This letter is to inform you that Delaware's Medicaid SPA Transmittal Number 22-0004 is approved effective January 1, 2021. This SPA supersedes Disaster Relief SPA approved on May 5, 2021. This SPA is in addition to the Disaster Relief SPAs approved on May 27, 2020, September 24, 2020, April 13, 2021, May 11, 2021 and October 6, 2021 and does not supersede anything approved in those SPAs.

Enclosed is a copy of the CMS-179 summary form and the approved state plan pages.

*Payment for services delivered via telehealth:*

3.  For the duration of the emergency, the state authorizes payments for telehealth services that:
- a.  Are not otherwise paid under the Medicaid state plan;
  - b.  Differ from payments for the same services when provided face to face;
  - c.  Differ from current state plan provisions governing reimbursement for telehealth;

*Describe telehealth payment variation.*

- d.  Include payment for ancillary costs associated with the delivery of covered services via telehealth, (if applicable), as follows:
  - i.  Ancillary cost associated with the originating site for telehealth is incorporated into fee-for-service rates.
  - ii.  Ancillary cost associated with the originating site for telehealth is separately reimbursed as an administrative cost by the state when a Medicaid service is delivered.

*Other:*

4.  Other payment changes:

*(1) The State is seeking to lock-in the calendar year (CY) 2020 School-Based Wellness Center (SBWC) Clinic Services per-visit rates for the entire CY 2021 and CY 2022. The SBWC's SFY 2020 costs and visits, which includes several months during the COVID pandemic, has costs that are not reflective of normal costs and visits. The result of this data anomaly is a higher per-rate visit for SBWC's in CY 2021 and CY 2022.*

*In the current State Plan Amendment, the payment methodology for SBWC Clinic Services are reimbursed based on a prospective single visit per day for each day a medical service is provided. The visit rate is calculated by dividing provider costs for the prior year by actual visits for the prior year submitted in a format specified by the Medicaid agency. The State-developed prospective rates for this service are the same for both government and private providers of this service.*

*Payments for clinic services will not exceed the upper payment limits set forth in 42 CFR 447.321. Providers will complete the Delaware Medicaid SBWC Cost Report annually within four months after the close of each fiscal year. The Medicaid SBWC Cost Report is based on the Medicare FQHC Cost Report (CMS 222) adjusted to account for the difference in the operating period for the SBWCs from a full year clinic. The actual annual visits as reported on the Cost Report shall be used as the denominator to calculate a visit rate that approximates a Medicare rate. The Medicare rate will be multiplied by the annual aggregate Medicaid visits for dates of service in*

This SPA supersedes Disaster Relief SPA approved on May 5, 2021. This SPA is in addition to the Disaster Relief SPAs approved on May 27, 2020, September 24, 2020, April 13, 2021, May 11, 2021 and October 6, 2021 and does not supersede anything approved in those SPAs.

*the applicable state fiscal year to approximate the Medicare payment which will be compared to the actual payments for the fiscal year to determine whether the upper payment limit test is met.*

*(2) The State is looking to maintain the rates for a first year nursing facility (NF), Polaris, through CY 2021 and CY 2022, which are based on an estimated cost report they provide for a one-year period (CY 2020). In the second year of operation for an NF, the cost report is supposed to have the actual expenditures and bed days to set the rates. The cost report based on the actual expenditures would become the foundation for rates to which the Nursing Facility Quality Assessment Fee (NF Tax) would be applied to each year. The actual cost report establishes the frozen rates to which the NF Tax is added or subtracted.*

*The State asks that the rates for the first year nursing facility, Polaris, stay on the estimated cost report from CY 2020 for CY 2021 and CY 2022 because Polaris had-only been around for a few months prior to the PHE As a result, the State believes there is not enough data in non-PHE months that would allow the nursing facility to have a cost report with actual expenditures due to these factors.*

The State seeks to sunset this provision at the end of the PHE or December 31, 2022, whichever is earlier, with the understanding that the State may need to temporarily extend all provisions of this disaster SPA if the PHE ends prior to the end of CY 2022.

Nursing facility payments under this disaster relief SPA are subject to the nursing facility upper payment limit demonstration.

  - a. \_\_\_ The individual's total income

  - c. \_\_\_ Other reasonable amount: \_\_\_\_\_
2. \_\_\_ The state elects a new variance to the basic personal needs allowance. (Note: Election of this option is not dependent on a state electing the option described the option in F.1. above.)
