Prevocational Services: Prevocational Services prepare a participant for paid or unpaid employment. Services include teaching such concepts as compliance, attendance, task completion, problem solving and safety. Services are not job-task oriented, but instead, aimed at a generalized result. Services are reflected in the participant's service plan and are directed to habilitative rather than explicit employment objectives. Activities and environments are designed to foster the acquisition of skills, appropriate behavior, greater independence, and personal choice. Services are furnished 4 or more hours per day on a regularly scheduled basis for 1 or more days per week or as specified in the participant's service plan. Meals provided as part of these services shall not constitute a "full nutritional regimen" (3 meals per day).

These services also focus on enabling the participant to attain or maintain his or her maximum functional abilities in completing activities of daily living and instrumental activities of daily living and shall be coordinated with any physical, occupational, or speech therapies in the service plan. In addition, Prevocational services may serve to reinforce skills or lessons taught in other settings. Prevocational services may not be provided to a participant during the same hours that Supported Employment, Work Services or Community Inclusion is provided.

Transportation expenses are included in the Prevocational services rate during the initial process of determining an individual rate. Transportation for Prevocational services are not a component part of the separate service titled Transportation-Residential Service.
