DIVISION OF
DEVELOPMENTAL DISABILITIES SERVICES

OFFICE OF THE DIRECTOR

Please join Jane Gallivan, Division Director and other staff from the Division of Developmental Disabilities Services for a discussion about the Day Services you currently receive and Day Services you would like in the future.

The Mission of the Division of Developmental Disabilities Services is:

“To provide leadership for a service system that is responsive to the needs of the people we support by creating opportunities and promoting possibilities for meeting those needs”

DDDS has begun to take a hard look at our Home and Community Based Waiver Program. This is the agreement between The State of Delaware and The Center for Medicaid Services which outlines the services Delaware will provide to qualified Delawareans with developmental disabilities. This agreement is renewed every four years, and we are approaching our next renewal. Very little change has occurred regarding the Day Services we have offered in the last thirty years. The Division would like to take this opportunity to talk directly with you, the persons who are utilizing these Day Services to ensure we are indeed being responsive to your needs by creating those opportunities and promoting those possibilities to meet your Day Service needs.

DDDS appreciates the Day Service Providers who offered their facilities for these forums as this allows us to provide a variety of dates and locations within all three Counties in facilities large enough to accommodate a great number of people. If you receive Day Services with any provider agency you are welcome to attend any event(s) you wish. We hope you can join us!
