2006-2007
FOR
DELAWARE DIVISION OF PUBLIC HEALTH**

I. INTRODUCTION

A. Background

The mission of the Division of Public Health is to protect and enhance the health of the people of Delaware. The Division accomplishes its mission by:

- working together with others;
- addressing issues that affect the health of Delawareans;
- keeping track of the State's health;
- promoting positive lifestyles;
- promoting the availability of health services.

The accomplishment of this mission will facilitate the Division in realizing its vision of creating an environment in which people in Delaware can reach their full potential for a healthy life.

B. Project Goals

The goal of this project is to prepare and conduct a multi-media informational campaign to educate the public about their exposure to cancer causing substances in their indoor environment, including radon, and ways to reduce their risk. The campaign will educate the public about the importance of radon testing and the availability of State funds to low income homeowners to cover the cost of mitigation when elevated levels of radon are detected. In addition, since this contact continues an existing campaign it is required that this campaign build upon previous educational and outreach materials. In addition to the previous campaign, information regarding occupational chemical exposure and Worker Right-To-Know will be included.

II. SCOPE OF SERVICES

Develop, test, produce, place and evaluate messages in a variety of media to inform the public of the above stated goals. Strategies for reducing risk will be provided by DPH. Examples of the strategies are included in the

summary of Total Exposure Assessment Methodologies (TEAM) studies conclusions. The current campaign should also be used as a reference.

The media campaign will include, as a minimum, state-wide public service announcement(s) for television and radio, and newspaper inserts. The bidder may also consider billboards, event exhibition, and pamphlet. A portion of the campaign will be developed to address radon risk awareness specifically.

All materials must be approved by DPH prior to production and placement.

This project has pre-determined cost of \$299,200.

III. SPECIAL TERMS AND CONDITIONS

A. Length of Contract

Contract term is 12 months with the possibility of renewal for up to two additional years contingent on funding and additional needs to be addressed.

If a subcontractor is going to be used, this needs to be specified in the proposal, with an identification of the proposed subcontractor, the service(s) to be provided, and its qualifications to provide such service(s).

Subcontractors will be held to the same requirements as the primary contractor. The contract with the primary contractor will bind sub or co-contractors to the primary contractor by the terms, specifications, and standards of the RFP. All such terms, specifications, and standards shall preserve and protect the rights of the agency under the RFP and any subsequent proposals and contracts with respect to the services performed by the sub or co-contractor, so that the sub or co-contractor will not prejudice such rights. Nothing in the RFP shall create any contractual relation between any sub or co-contractor and the agency.

The proposed subcontractors must be approved by the Division of Public Health.

C. Funding Disclaimer Clause

Delaware Health and Social Services reserves the right to reject or accept any bid or portion thereof, as may be necessary to meet the

The Contract may be terminated in whole or part:

- a) by the Department upon five (5) calendar days written notice for cause or documented unsatisfactory performance,
- b) by the Department upon fifteen (15) calendar days written notice of the loss of funding or reduction of funding for the stated Contractor services,

c) by either party without cause upon thirty (30) calendar days written notice to the other Party, unless a longer period is specified.

F. Contractor Monitoring

The contractor may be monitored on-site on a regular basis by representatives from the Division of Public Health. Failure of the contractor to resolve any problem(s) identified in the monitoring may be cause for termination of the contract.

In the event Contractor refuses or neglects after reasonable written notice by the Department to bring such antitrust action, Contractor shall be deemed to have assigned such action to the Department.

21. The Department shall have the unrestricted authority to publish, disclose, distribute and otherwise use, in whole or in part, any reports, data, or other materials prepared under this Contract. Contractor shall have no right to copyright any material produced in whole or in part under this Contract. Upon the request of the Department, the Contractor shall execute additional documents as are required to assure the transfer of such copyrights to the Department.

If the use of any services or deliverables is prohibited by court action based on a U.S. patent or copyright infringement claim, Contractor shall, at its own expense, buy for the Department the right to continue using the services or deliverables or modify or replace the product with no material loss in use, at the option of the Department.

4. The Contractor shall not assign the Contract or any portion thereof without prior written approval of the Department and subject to such conditions and revisions as the Department may deem necessary. 5. Contractor shall maintain books, records, documents and other evidence directly pertinent to performance under this Contract in accordance with generally accepted accounting principles and practices. Contractor shall also maintain the financial information and data used by Contractor in the preparation of support of its bid or proposal. Records involving matters in litigation shall be retained for one (1) year following the termination of such litigation. Contractor will provide facilities for such access and inspection.
6. The Contractor agrees that any submission by or on behalf of the Contractor of any claim for payment by the Department shall constitute certification by the Contractor that the services or items for which payment is claimed were actually rendered by the Contractor or its agents, and that all information submitted in support of the claims is true, accurate, and complete.
7. The cost of any Contract audit disallowances resulting from the examination of the Contractor's financial records will be borne by the Contractor. 8. When the Department desires any addition or deletion to the deliverables or a change in the services to be provided under this Contract, it shall so notify the Contractor. The Department will develop a Contract Amendment authorizing said change. The Amendment shall state whether the change shall cause an alteration in the price or time required by the Contractor for any aspect of its performance under the Contract. Pricing of changes shall be consistent with those prices or costs established within this Contract. Such amendment shall not be effective until executed by all Parties pursuant to Paragraph B.14.
