Nurse Aide (CNA) Registry

The DHSS Division of Long Term Care Residents Protection (DLTCRP) manages the Delaware Nurse Aide Registry (NAR). Information about Delaware's NAR is on [DLTCRP's CNA Registry website](#).

The NAR provides a list of Certified Nurse Aides (CNA) in the State, as well as the current status of their certification. A CNA's status may be *active* or *lapsed*. A CNA may be flagged because of a substantiated finding of abuse, neglect, mistreatment of residents, or misappropriation of their property. The [NAR](#) is maintained by Prometric, Inc., through an independent contract with DLTCRP.

Appeals: Any person who believes that an error exists in his/her personal information on the Nurse Aide Registry should [contact Prometric, Inc.](#) directly to resolve the issue.

Authority: Social Security Act [§1819\(e\) \(2\)](#) and [§1919\(e\) \(2\)](#);
