The Delaware Healthy Children Program is a low cost health insurance program for Delaware's uninsured children.

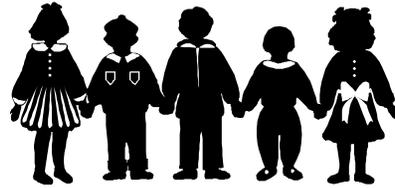

## Who qualifies?

Your children may qualify if they:

- Do not have health insurance that covers doctor visits, hospital stays, lab work and x-rays.
- Are under the age of 19 and reside in the State of Delaware.
- Are U.S. citizens or qualified non-citizens.
- Are not dependents of a State of Delaware employee.
- Meet income eligibility. For example, children in a family of 4 with annual income under \$40,000 can qualify.

Family Size	Monthly Income	Annual Income
2*	2,282	27,380
3	2,862	34,340
4	3,442	41,300
5	4,022	48,260
6	4,602	55,220
7	5,182	62,180
8	5,762	69,140

\*A 2 person family suggests 1 adult and 1 child

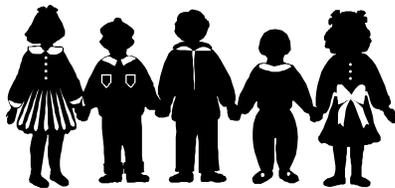

## What does it cost?

Depending on your income, you pay \$10, \$15 or \$25 per month per family. The single monthly premium covers all the children in your family. There is an added bonus – for every three months you pay in advance, you will get the fourth month free. There are no co-payments except if you visit a hospital emergency room for a non-emergency.
