WIC Program

INTRODUCTION

Enclosed you will find the January 1, 2010 - December 31, 2012 bid application package for the Special Supplemental Nutrition Program for Women, Infants, and Children (WIC). In an effort to save food dollars, administrative resources, and increase the efficiency of the program, the WIC Program bids out all available retail vendor slots. We ask you make your most competitive bid offer for the selected WIC foods on the Vendor Price Bid Sheet – Page 4.

BACKGROUND

WIC is a federally funded program administered at the federal level by the Food and Nutrition Service (FNS), United States Department of Agriculture. The State of Delaware, Division of Public Health, is responsible for the administration of the Delaware WIC Program (hereafter referred to as the WIC State agency). The WIC State agency office is responsible for all the operations of the program in accordance with federal and state rules, regulations and guidelines.

The primary purpose of the WIC Program is to make health and nutrition services available to eligible individuals. Under the WIC Program, authorized health professionals prescribe nutritious supplemental foods and teach nutrition education to pregnant, postpartum, and breastfeeding women, infants, and children to their fifth birthday.

WIC participants receive vouchers that enable them to purchase WIC approved foods at local retail grocery stores. The voucher has a prescription for specific foods selected for the nutritional need of the individual with amounts listed on the front of the voucher. Authorized vendors are always required to allow the participant to purchase what is printed on the voucher.

- 2) **All bid application submissions must be proper and timely.** The State agency will reject any bid application received after the deadline. The State agency is not responsible for following up with vendors to complete missing information on bid applications.
- 4) **All applicant vendors are reviewed in accordance with the Vendor Eligibility Criteria.** All applicants must meet the conditions of the eligibility criteria before an agreement will be signed (see next page for criteria). The State agency will perform onsite reviews to verify bid application information and compliance with the eligibility criteria. Any vendor not meeting the eligibility criteria or submitting a bid that exceeds the vendor shelf price will be rejected.
- 5) **A comparative analysis of all applicant vendor bid sheets is performed.** Bids, combined with shelf prices are reviewed and ranked in accordance with their competitive nature for each geographic area.
- 6) **Potential vendors are selected and notified.** All potential vendors are selected and notified that participation agreements will not be signed until after the vendor attends a mandatory training session, as scheduled by the State agency. If the potential vendor does not attend the mandatory training session, the absence will be considered a violation of the eligibility criteria and the bid application will be rejected.
- 7) **Vendors not selected shall be notified and receive instruction on the Administrative Appeal process.** Applicant vendors who are eligible, but did not rank high enough to gain a slot, will be placed on the primary waiting list and notified of their right to appeal the State agency’s decision. Applicant vendors failing to meet any of the criteria will be rejected and denied placement on the primary waiting list. During the 2010-2012 agreement period, these vendors may request to be placed on the secondary waiting list.

How does this apply to applicant vendors?

APPLICANT VENDORS must meet these criteria to be eligible to be an authorized WIC vendor. Meeting the eligibility criteria does not guarantee authorization. The State agency will reject bid applications from any applicant vendor that does not meet the eligibility criteria.

What does the term “servicing a disqualification period” mean?

This term refers to either:

- The period of time a vendor has been disqualified; or
- The period of time a vendor would have been disqualified but has been remained active by paying a civil money penalty in lieu of the disqualification.

Limitation Criteria

How does the State agency determine the number of vendors it authorizes?

The State agency uses a participant-to-vendor ratio (300:1) to determine the number of vendors authorized in each geographic area.

How is the ratio applied?

This ratio is applied to geographic areas within the State to distribute the authorized vendors in accordance with the participant population densities. The State agency will round up for .5 or greater and round down for .49 or less.

<i>If geographic area has...</i>	<i>...then...</i>	<i>...means the number of vendors authorized is...</i>
900 participants	900 divided by 300 = 3.0	3
1000 participants	1000 divided by 300 = 3.33	3
1125 participants	1125 divided by 300 = 3.75	4

What does the term *geographic area* mean?

For purposes of authorization, geographic area is defined as the area in which participants reside. Geographic area boundaries are determined through Zip code analysis.

Are there any exceptions to the limitation of vendors?

Yes, the State agency may authorize extra vendors in an area if one of the following exceptions exists:

- geographic area has less than 500 participants, or
- participant access

Potential sanctions are described in the Violation Chart, attached to, and incorporated by reference to this agreement.  - f. The State agency shall disqualify a vendor from the WIC Program if the vendor is or becomes disqualified from the Food Stamp Program (FSP). If the State agency determines that disqualification of the vendor would result in inadequate participant access, the State agency shall impose a civil money penalty, in lieu of disqualification. Length of disqualification from WIC will be the same as the FSP disqualification.

9. The vendor's failure to abide by any of the provisions of this agreement shall be cause for the vendor's disqualification or termination. The State agency will immediately terminate the agreement if it determines that the vendor has provided false information in connection with its application for authorization.
10. This agreement will be terminated if the State agency identifies a conflict of interest between the vendor and the State agency.
11. It is agreed by both parties that the vendor is not an employee; the vendor is an independent contractor. This agreement does not constitute a license or a property interest.
12. This agreement shall only be amended, in writing, to accommodate revisions or amendments to current Federal regulations or State laws.

 - v) the expiration of a vendor's agreement;
