

Approved Projects for 2019:

Project Title	Total Amount of CMP Funds Approved	State to End Date	Project Summary	Awardee	Results of Completed Projects
It's Never 2 Late	\$ 24,868.00	7/1/2018 – 7/1/2019	The purpose of this project is for the facility to purchase the iN2L technology system to assist with quality of life improvements to the residents of a 181 Medicare/Medicaid certified SNF.	Atlantic Shore Rehabilitation Health Center	Overall, the results have shown that this program enhances the quality of life, eases anxiety and depression, improves socialization, smooths transition from in-home to in-facility care, and reduces reliance on antipsychotic drugs
Music & Memory	\$34,472.00	1/1/2019 – 7/1/2019	The project will utilize a project coordinator to train care professionals in the final nine federally Certified Nursing Home Facilities on implementing the Music & Memory approach to dementia care to 10 selected residents at each facility. Professionals will be trained to set up personalized music playlists, delivered	Delaware Division of Health Care Quality Office of Long Term Care Protection	Brenda Zullo from Atlantic Shores Rehabilitation Center has mentioned that her residents enjoy this program. She mentioned a story about one of her residents, who recently passed, requested to listen to his music during his last moments.

			<p>on MP3 players and other digital devices, for those in their care. These musical favorites tap deep memories not lost to dementia and can bring participants back to life, enabling them to feel like “themselves again” to converse, socialize and stay present.</p>		<p>Overall, the results have shown that this program enhances the quality of life for the residents, along with easing anxiety and depression, improving socialization, smooths transition from in-home to in-facility care, and reduces reliance on antipsychotic drugs.</p>
<p>Long Term Care Residents’ Trust Fund</p>	<p>\$403,667.00</p>	<p>3/1/2019 – 2/28/2020</p>	<p>This project is to build a foundation across facility staff in PCC values and principles, provide wide-spread training in neurobehavioral supports within long-term care facilities, and build strategies to increase the use of non-pharmacological approaches and interventions.</p>	<p>Delaware Division of Health Care Quality Office of Long Term Care Residents Protection (DHCQ) and Delaware Division of Services for Aging and Adults with Disabilities (DSAAPD)</p>	<p>N/A</p>
<p>Dementia and Psychotropic Medications Workshop</p>	<p>\$4,650.00</p>	<p>4/29/2019 – 4/49/2019</p>	<p>The purpose of this training is to update Medicare/Medicaid certified nursing homes and</p>	<p>Delaware Division of Health Care Quality Office of Long Term</p>	<p>Survey Results given</p>

			<p>surveyors training on the most recent developments in dementia care and psychotropic medication usage in nursing homes. The workshop will also instruct participants on the effectiveness of current therapies for Alzheimer's disease, the development of measures of quality of life in persons with Alzheimer's disease, the care of patients with late-stage dementia, and autism in the elderly.</p>	Care Protection	
<p>Person Centered Dementia Care Webinar</p>	\$250.00	5/23/2019 – 5/23/2019	<p>The purpose of this webinar is to provide Delaware Medicare/Medicaid certified nursing homes and surveyor staff knowledge on the findings on The Dementia Care Practice Recommendations and strategies to implement these standards into long-term care facilities to provide a culture of quality improvement.</p>	<p>Delaware Division of Health Care Quality Office of Long Term Care Protection</p>	<p>Survey Results given</p>

<p>BEAM by EyeClick Projection Gaming System</p>	<p>\$9,107.80</p>	<p>5/16/2019 – 5/16/2020</p>	<p>The purpose is to provide a gaming system to be used to seek new and innovative avenues for promoting learning, creating themed environments to teach within, and to enhance the residents' quality of life.</p>	<p>Exceptional Care for Children</p>	<p>An account from Shannon McLaughlin, the director of external affairs and development, when this device has been used at the end of the month of October by a 6 year old resident for play in the afternoon. While tracking the general mood of the resident, ECC reported the following, "Excited! This resident is verbal, mobile and developmentally on target so he understood that this device was a new, exiting "toy" in our facility. He had a great time helping us get to know the system in terms of navigation and he enjoyed the freedom of</p>

					being able to select games that he thought seemed "cool". This particular resident does occasionally need to be in his chair due to respiratory issues so it will be good to see how he uses the device in the future while seated."
MDS 3.0 Workshop	\$8,931.00	10/8/2019 – 10/9/2019	The purpose of this training is to provide certified nursing homes and surveyors training on the most recent updates of the MDS. It provides critical information section by section, detailing the guidelines for capturing ADLs; describing coding, management and care of pressure ulcers per the RAI's (a User Manual); and, how to apply RAI instructions to develop Care Area Assessments. The training will discuss the importance of	Delaware Division of Health Care Quality Office of Long Term Care Protection	Survey Results given

			therapy sessions and documentation.		
Infection Prevention Long Term Care Training Course	\$30,364.00	TBA	The purpose of this training is to provide Medicare/Medicaid certified nursing homes, LTC surveyors, and providers training on the most recent updates on health care practices and standards in long term care facilities. The training will provide up-to-date practices and effective care for residents living in LTC facilities.	Delaware Division of Health Care Quality Office of Long Term Care Protection
