

Consumer Confidence Report Template

To assist with the preparation of your Consumer Confidence Report (CCR), a draft version of a CCR template is available from the Office of Drinking Water. The document is a Microsoft Word® 2013 file. To use the template, you should have a basic working knowledge of Microsoft Word®.

The template is available upon email request from Keith Harrison, CCR coordinator. Email him at william.harrison@state.de.us.

Alternatively, the U.S. Environmental Protection Agency (EPA) has a web-based tool to enable you to produce a regulation compliant CCR. See <https://www.epa.gov/ccr>.
