

Let's Talk.

If you are a Delaware caregiver, we want to hear from you.

The Family Caregiving Task Force was established by the Delaware General Assembly to study the needs of those who care for older people or people with disabilities and to make recommendations for how to support them.

We are holding listening sessions around the State and we invite you to come and talk with us. Please share your experiences and ideas with us at one of the following locations:

Newark Senior Center
Monday, March 2, 2015
6:00 PM to 8:00 PM
302-737-2336
